1. Jesse read October meeting minutes and Graham reviewed the Treasurers report.
2. Discussed trail access to Gary's Tavern, Moose Landing is good with us crossing their land – they will be shutting down 2 bubblers. Waiting to hear back from Campground who's biggest concern was Moose Landings bubbles that they have agreed to shut off for winter. A letter needs to be drafted for Windsor Greens Board of Directors to review at their meeting and approve use of snowmobiles crossing land. Dan Craffey is ok with us crossing his land as long as it is behind the campers.
3. New trail needs to be made from Q-Team by solar arrays to come out by Stone Surface and Annette's.
4. Greg, Christina and Alan met with Bill Preis to go over new maps and review business memberships and trails. We are not able to show trails over waterways, we discussed placing signs before water entries that say "Warning Water, pass at your own risk"
5. Super Raffle cutoff will be next meeting 12/2 so we can mail those in. Loreen Thompson did an awesome job of selling a bunch of tickets!!
