

Muddy River Sno Seekers

September 10th, 2020 Meeting Minutes

Attendees: Greg Reinhard, Christina Reinhard, Graham Payne, Alan Keefe, Jesse Shand, Steve Emery, Allan Griffin, Ryan Pateneau,

1. We received 100 Super Raffle tickets. Last year we sold approx. 300.
2. Gave AG Excavation the ok to move forward with replacing the culvert on the trail by Jim Smith and Horace Files Rd.

McCurley Bridge we are going to hold off on replacing the boards until the cost of materials comes down and they are available. In the meantime we will place temporary patches to make it through another year.

There are waterholes and culverts from the McCurley Bridge to Greg's that are in need of repair.

We are looking into the cost of gates to put up on Chaplin's land along with some other locations. We think we need 6 gates.

Going to ask Ted Shane where he purchased his green light for the East side and place one on the West side of the lake.

3. Dave G sold the trailblazer we were looking to purchase. Keep your eyes open for any blazer or trail blazer, \$10. It does have to have a good frame.

Greg has the parts to fix the Tucker.

We talked about getting a 8ft drag, going to talk to Doug Cyr.

4. Christina will email Minute Man Press on a new order of maps. We talked about removing the year so maps can be reused each year, the only problem with that is new business members would not show on maps until updated.
5. We are going to increase our Family membership to \$35. Jesse will ask Scott to update website.
6. We talked about a mass mailing for memberships or seeing if the town clerks can do it when someone registers a snowmobile.
7. Greg is going to look up the deadlines for the club reporter (Dylan R)
8. Checking to see how many landowners we have, in place of a thank you dinner we want to see about sending a Thank You card with a \$25 gift certificate to Tony's/Hannaford/Dunks
9. We talked about asking Tony's to set up a table for a day to sell Super Raffle tickets. We will need volunteers.
10. We need to see about Solar Array's donating to the club
11. Next meeting October 8th 7pm Clubhouse
